GENERAL INFORMATION REGARDING THE 2014 ANNUAL MEETING OF STOCKHOLDERS

What constitutes a quorum? What is the Record Date? How many shares are outstanding?

The holders of a majority of the outstanding shares of Common Stock entitled to vote at the 2014 annual meeting of stockholders, represented in person or by proxy, will constitute a quorum at the meeting. However, if a quorum is not present or represented at the meeting, the stockholders entitled to vote at the meeting, present in person or represented by proxy, have the power to adjourn the meeting, without notice, other than by announcement at the meeting, until a quorum is present or represented. At any such adjourned meeting at which a quorum is present or represented, any business may be transacted that might have been transacted at the original meeting.

On April 1, 2014, the Record Date, there were 36,143,013 shares of our Common Stock issued and outstanding and entitled to vote, meaning that 18,071,509 shares of our Common Stock must be present in person or by proxy to have a quorum.

What matters will be voted on at the Annual Meeting?

The following matters will be voted on at the Annual Meeting:

1. the election of seven directors;
2. a proposal to approve an amendment to the Company's Certificate of Incorporation increasing the number of authorized shares of Common Stock, par value \$.01 per share, from 50,000,000 to 100,000,000;
3. a proposal to ratify the Audit Committee's appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending January 31, 2015;
4. an advisory vote to approve the compensation of our named executive officers; and
5. such other business as may properly come before the meeting.

How does the board of directors recommend that I vote?

The board of directors recommends that you vote:

1. FOR the election of the seven (7) directors nominated by the board of directors and named in this proxy statement;
2. FOR an amendment to the Company's Certificate of Incorporation increasing the number of authorized shares of Common Stock, par value \$.01 per share, from 50,000,000 to 100,000,000;
3. FOR the ratification of the appointment by the Audit Committee of Ernst & Young LLP, as our independent registered public accounting firm for the fiscal year ending January 31, 2015; and
4. FOR the approval, on an advisory basis, of the compensation of our named executive officers.

What is the effect of a broker non-vote?

Brokers or other nominees who hold shares of our Common Stock for a beneficial owner only have the discretion to vote on routine proposals when they have not received voting directions from the beneficial owner at least ten days prior to the annual meeting. Rule 452 of the New York Stock Exchange, which has been adopted by The NASDAQ Stock Market, provides that a broker or other nominee holding shares for a beneficial owner may generally vote on routine matters, but not non-routine matters, without receiving voting instructions. The uncontested election of directors (Proposal One) is now considered non-routine; the proposal to amend our Certificate of Incorporation to increase our authorized shares of Common Stock (Proposal Two) is considered routine, the proposal to ratify the appointment of Ernst & Young as our independent registered public accounting firm (Proposal Three) is considered routine, the advisory vote on executive compensation (Proposal Four) is also a non-routine matter. Please provide instructions to your broker or nominee on how to vote your shares. If you do not provide such voting instructions, your shares will not be voted for Proposals One or Four. Shares that constitute broker non-votes will be counted as present at the meeting for the purpose of determining a quorum, but will only be considered entitled to vote on the proposal to amend our Certificate of Incorporation to increase the number of authorized shares of our Common Stock and to ratify the

[Table of Contents](#)

Audit Committee's appointment of our independent registered public accounting firm. To minimize the number of broker non-votes and to ensure that your voice is heard in the election of directors and the other matters to be voted on at the 2014 annual meeting of stockholders, we encourage you to provide voting instructions to the broker or other organization that holds your shares by carefully following the instructions in the Notice.

What vote is required to approve the proposals?

Provided a quorum exists, the following votes are required for each proposal:

Proposal One: Election of Directors – To be elected, each director must receive a majority of the votes cast with respect to the director. For purposes of this vote, a majority of the votes cast means that the number of shares voted “for” a director must exceed the number of shares voted “against” that director. Abstentions and broker non-votes will have no effect on this proposal.

Proposal Two: Amendment to our Certificate of Incorporation to Increase the Number of Authorized Shares – An affirmative vote of a *majority* of the outstanding shares entitled to vote is necessary to approve the amendment to our certificate of incorporation to increase the number of shares of capital stock which the Company shall have authority to issue to be 101,000,000 shares of stock, of which 100,000,000 shares are Common Stock, par value of \$0.01 per share, and 1,000,000 shares are Preferred Stock. Abstentions and broker non-votes will have the same effect as a vote against the proposal.

Proposal Three: Ratify the Appointment of Ernst & Young LLP as our Independent Registered Public Accounting Firm – An affirmative vote of a majority of shares present, in person or proxy, and entitled to vote at the meeting is required to ratify the Audit Committee's appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending January 31, 2015. Abstentions will have the same effect as a vote against this proposal and broker non-votes will have no effect on this proposal.

Proposal Four: Advisory Vote on Executive Compensation – An affirmative vote of a *majority* of the shares present, in person or proxy, and entitled to vote at the meeting is required to give advisory (non-binding) approval of the compensation of our named executive officers as disclosed in this proxy statement. Because your vote is advisory, it will not be binding on the board of directors or on us; however, the board of directors and we will review the voting results and take them into consideration when making future decisions regarding executive compensation. Abstentions will have the same effect as a vote against this proposal and broker non-votes will have no effect on this proposal.

Who is entitled to vote at the Annual Meeting?

Only stockholders of record as of the close of business on, April 1, 2014, the Record Date, are entitled to notice of and to vote at the meeting or any adjournments of the meeting. Each share of Common Stock entitles the holder to one vote per share.

What will happen if I do not specify how my shares are to be voted, but do submit a proxy?

Stockholders of Record. If you are a stockholder of record and you submit a proxy, but you do not provide voting instructions, your shares will be voted:

- FOR the election of the seven directors nominated by our board of directors and named in this proxy statement.
- FOR the amendment of the Company's Certificate of Incorporation increasing the number of authorized shares of Common Stock, par value \$.01 per share from 50,000,000 to 100,000,000.
- FOR the ratification of the Audit Committee's appointment of Ernst & Young LLP, as our independent registered public accounting firm for the fiscal year ending January 31, 2015.
- FOR advisory approval of the compensation of our named executive officers, as disclosed in this proxy statement.

Beneficial Owners. If you are a beneficial owner and you do not provide voting instructions to the broker or other nominee that holds your shares, the broker or other nominee will determine if it has the discretionary

[Table of Contents](#)

authority to vote on a particular proposal, and may not be able to vote on all proposals presented for a vote at the annual meeting.

What will happen if I do not vote my shares?

Stockholders of Record. If you are the stockholder of record and you do not vote by proxy card, by telephone, by the Internet or in person at the annual meeting, your shares will not be voted at the annual meeting. For each of the Proposals, other than Proposal Two, the amendment to the Certificate of Incorporation, if you are not present at the meeting in person or by proxy, the failure to vote will not affect the outcome of the proposal. With respect to Proposal Two, the amendment to the Certificate of Incorporation, the failure to vote will have the same effect as a vote against the proposal.

Beneficial Owners. If you are the beneficial owner of shares, your broker or nominee may vote your shares only on those proposals on which it has discretion to vote, including all Proposals presented by this Proxy.

How do I vote and what are the voting deadlines?

Stockholders of Record. If you are a stockholder of record, you may vote by any of the following methods:

- **By Mail.** You may submit your vote by completing, signing and dating your proxy card received and returning it in the prepaid envelope so that it is received no later than May 27, 2014.
- **By Internet or Telephone.** You may vote your shares by Internet or telephone, by following the instructions in your Notice. If you vote by Internet or telephone, you should not return your proxy card. These votes must be received by 11:59 P.M., Eastern Time, on May 27, 2014.
- **In person at the Annual Meeting.** You may vote your shares in person at the annual meeting. Proxy cards will be available for you at the meeting, or you may bring the one provided you, and deliver the completed and executed card to the inspector of election at the annual meeting.

Beneficial Owners. If you are a beneficial owner of your shares, you should receive a Notice of Internet Availability of Proxy Materials or voting instructions from the broker or nominee holding your shares. You should follow the instructions provided to you by your broker in order to properly advise them of your voting instructions. Shares held beneficially may be voted at the annual meeting only if you obtain a legal proxy from your broker or nominee giving you the right to vote, and presenting that legal proxy together with your vote to the inspector of election at the annual meeting.

Can I revoke or change my vote?

Stockholders of Record. If you are a stockholder of record, you may revoke your vote at any time before the final vote at the annual meeting by:

- signing and returning a new proxy card at a later date;
- submitting a vote by telephone or the Internet at a later date;
- attending the annual meeting and voting in person; or
- delivering a written revocation to our Corporate Secretary at the address provided to you in this proxy statement or to **Broadridge Financial Services, 51 Mercedes Way, Edgewood, NY 11717, Attn: Vote Processing.**

Beneficial Owners. If you are the beneficial owner of your shares, you must contact your broker or nominee holding your shares, and follow their instructions for revocation or changing your vote.

Your attendance at the annual meeting will not automatically revoke your proxy unless you vote again at the annual meeting.

[Table of Contents](#)

Who will count the votes?

Broadridge Financial Solutions, Inc. has been engaged as our independent agent to receive and tabulate our stockholder votes, and will act as our independent inspector of election, who will certify the election results and perform any other acts required by the Delaware General Corporation Law.

How are Stockholder Proposals included in the proposals submitted to Stockholders for voting? How is any Other Business voted on by stockholders?

Stockholders have the right to seek to nominate directors and present proposals for inclusion in our proxy statement for consideration at an annual meeting of stockholders. To be included in our proxy statement and considered at our next annual meeting, you must submit nominations of directors or other proposals, in addition to meeting other legal requirements within appropriate time periods. We must receive your nominations and proposals for our 2015 annual meeting for possible consideration at the meeting no earlier than December 15, 2014 and no later than January 14, 2015, and for possible inclusion in the proxy statement by no later than December 15, 2014. However, if the date of the 2015 annual meeting changes by more than 30 days from the first anniversary date of this year's meeting, then we will provide notice of the new date of the 2015 annual meeting in our earliest possible quarterly report on Form 10-Q and we must receive your nominations and proposals within a reasonable time before we begin to print and mail our proxy materials if you want them included in the proxy statement.

We do not intend to bring any business before the 2014 annual meeting other than the matters described in this proxy statement and we have not been informed of any matters or proposals that may be presented at the meeting by stockholders. If however, any other business should properly arise and be properly submitted for a vote at the 2014 annual meeting, the persons appointed in the proxy have discretionary authority to vote in accordance with their best judgment.

Who is paying the cost of solicitation of proxies?

We will bear the cost of soliciting proxies. In addition to the solicitation of proxies by mail, solicitation may be made by our directors, officers and employees by other means, including telephone, e-mail or in person. No special compensation will be paid to directors, officers or employees for the solicitation of proxies. To solicit proxies, we may also request the assistance of banks, brokerage houses and other custodians, nominees or fiduciaries, and, upon request, will reimburse such organizations or individuals for their reasonable expenses in forwarding the Notice and other soliciting materials to beneficial owners and in obtaining authorization for the execution of proxies.

Do we provide for Electronic Delivery of Proxy Materials?

Pursuant to rules adopted by the SEC, we provide access to the proxy materials over the Internet. Accordingly, we are sending a **Notice of Internet Availability of Proxy Materials**, the Notice, to our stockholders owning shares of our Common Stock as of the Record Date. All stockholders will have the ability to access the proxy materials on the website referred to in the Notice or request to receive a printed set of the proxy materials. Instructions on how to access the proxy materials over the Internet or to request a printed copy may be found in the Notice. The Notice also contains instructions on how to request a paper copy of our proxy materials, including this proxy statement, our Annual Report on Form 10-K for the fiscal year ended January 31, 2014, and a form of proxy card or voting instruction card. In addition, the Notice will provide stockholders with instructions on how to request to receive proxy materials in printed form by mail or electronically by e-mail on an ongoing basis. A stockholder's election to receive proxy materials by mail or electronically by e-mail will remain in effect until the stockholder terminates such election. We encourage stockholders to take advantage of the availability of the proxy materials on the Internet to help reduce the environmental impact of the annual meeting and lower the costs of printing and distributing our proxy materials. If you choose to receive future proxy materials by e-mail, you will receive an e-mail message each successive year with instructions containing a link to those materials and a link to the proxy voting website.

Our proxy materials are also available on our website at www.conns.com, at www.proxyvote.com, and at the SEC's website at www.sec.gov.

How can I find the result of the voting at the annual meeting?

Preliminary voting results will be announced at the annual meeting. Final results will be published in a current report on Form 8-K or in our Form 10-Q for the quarter ending April 30, 2014. The Form 8-K or Form 10-Q will be posted on our website at www.conns.com, under “Investor Relations”.

PROPOSALS FOR STOCKHOLDER ACTION

**PROPOSAL ONE:
ELECTION OF DIRECTORS**

Number of Directors to be Elected

Our board is currently constituted with ten director positions, seven of which positions are to be elected at the 2014 annual meeting of stockholders. We currently intend to leave three vacant board positions in place to allow the board time to determine viable and qualified candidates to fill one or all of those positions. The seven directors elected at the annual meeting will hold office until the 2015 annual meeting of stockholders or until their respective successors have been elected and qualified or their earlier death, resignation or removal. You may not vote for a greater number of directors than those nominated.

Criteria for Nomination to the Board of Directors. Those persons nominated to our board of directors are selected by the Nominating and Corporate Governance Committee in accordance with the Committee’s charter, our Certificate of Incorporation and Bylaws, our Corporate Governance Guidelines, and the criteria determined by the board for our director candidates. The Nominating and Corporate Governance Committee of our board of directors in considering the nomination of the directors identified below to serve until the 2015 annual meeting, sought and considered individuals with strong personal reputations and experience in business and other areas that are relevant and important to the financing, strategy and operations of the Company, as well as financial expertise to qualify as a “financial expert” for our Audit Committee. Each nominee for election as a director at this annual meeting of the stockholders of the Company holds or has held senior executive positions in organizations providing such background and expertise objectives, and each has the necessary business and financial experience sought by the Company in those areas, including strategic and financial planning, public company financing and reporting, compliance, risk management and leadership. Each of the nominated directors also has experience of serving on boards or in senior executive management of publicly held companies or governmental services requiring strong business and leadership acumen and implementation.

The Nominating and Corporate Governance Committee also considered and believes that each of the nominated individuals to serve as members of the board of directors has valuable personal and business attributes that have and will continue to be valuable to the Company in their advice and guidance to executive management of the Company. The Nominating and Corporate Governance Committee takes into account in its considerations, diversity in range of backgrounds, perspectives and experience of the individuals it recommends for nomination to our board of directors. For information on the specific experience of each nominee considered by the Nominating and Corporate Governance Committee see “Board of Directors”.

Board Nominees

Our board of directors met in March 2014 and considered the candidates for nomination for election to the board at the 2014 annual meeting of stockholders. The Nominating and Corporate Governance Committee of the board of directors, consisting of three independent members of the current board of directors, recommended that the full board nominate the following individuals for re-election to the board of directors at the 2014 annual meeting:

Jon E.M. Jacoby
Kelly M. Malson
Bob L. Martin
Douglas H. Martin
David Schofman
Scott L. Thompson
Theodore M. Wright

[Table of Contents](#)

Each of the nominated directors was elected at our 2013 annual meeting and served on the board of directors during fiscal year ended January 31, 2014 and during the current fiscal year through the date of the 2014 annual meeting. In making these recommendations, the Nominating and Corporate Governance Committee considered the experience, qualifications, attributes and skills of each of the nominees as described above and the requirements and qualifications discussed under “Board of Directors—Nomination Policies and Procedures”. Based on this recommendation, our board of directors has nominated the following individuals to be elected by the stockholders at the 2014 annual meeting:

<u>Name</u>	<u>Position</u>	<u>Age</u>	<u>Director Since</u>	<u>Fiscal 2014 Committee Membership</u>
Jon E.M. Jacoby	Independent Director	76	September 2003	Compensation Committee - Chair; Nominating and Corporate Governance Committee - Chair
Kelly M. Malson	Independent Director	43	August 2012	Audit Committee - Chair (Financial Expert)
Bob L. Martin	Lead Independent Director	65	September 2003	Nominating and Corporate Governance Committee; Compensation Committee
Douglas H. Martin	Director	60	February 2003	None
David Schofman	Independent Director	42	May 2012	Audit Committee
Scott L. Thompson	Independent Director	55	June 2004	Audit Committee (Financial Expert); Compensation Committee-Chair
Theodore M. Wright	Chairman of the Board, Chief Executive Officer and President	51	September 2003	None

Assuming each director is elected by our stockholders, in March 2014 our Nominating and Corporate Governance Committee recommended, and the board approved, that the committees of the board be comprised of the same individuals, and with the same chairs, in fiscal 2015 as in fiscal 2014, other than with respect to the chairmanship of the Compensation Committee. Mr. Thompson, if elected, will serve as chairman of the Compensation Committee in lieu of Mr. Jacoby who will step down as chairman.

Those identified as “independent director” have been determined by our board to be independent. All nominees have consented to serve as directors. The board has no reason to believe that any of the nominees will be unable or unwilling to act as a director. In the event any nominated director is unable to stand for election, the board of directors may either reduce the size of the board or designate a substitute.

For biographical information and the experience, qualifications, attributes and skills of each that caused the Nominating and Corporate Governance Committee and our board of directors to determine that the nominees should serve as one of our directors regarding each of the board’s nominees for director, please refer to “Board of Director Nominees for 2014 and 2015”.

Each director will be elected by the vote of a majority of the votes cast. This means the number of votes cast “for” a director must exceed 50% of the votes with respect to that director (excluding abstentions and broker non-votes). Each director has tendered his or her resignation which shall be effective only in the event that (i) the votes cast “for” such director nominee is less than 50%, and (ii) the Board of Directors accepts such resignation. The Nominating and Corporate Governance Committee will make a recommendation to the Board of Directors

[Table of Contents](#)

whether to accept any resignation in the event any director-nominee fails to receive at least 50% of the votes cast “for” such director. The Board of Directors will then consider the recommendation and publicly disclose its decision within 90 days after the certification of the election results.

We Recommend That You Vote For Each Of The Board Nominees.

INCREASE AUTHORIZED SHARES OF COMMON STOCK**

General

Currently, our Certificate of Incorporation authorizes the number of shares of capital stock which the Company shall have authority to issue to be 51,000,000 shares of stock, of which 50,000,000 shares are Common Stock, par value of \$0.01 per share, and 1,000,000 shares are Preferred Stock. In March 2014, our board adopted a proposal to amend our Certificate of Incorporation to increase the number of shares of capital stock which the Company shall have authority to issue to be 101,000,000 shares of stock, of which 100,000,000 shares are Common Stock, par value of \$0.01 per share, and 1,000,000 shares are Preferred Stock, subject to stockholder approval of the amendment. Our board has declared the proposed amendment to be advisable and in the best interests of the Company and the stockholders.

Proposed Amendment

We propose to amend the first paragraph of ARTICLE FOUR of our Certificate of Incorporation as follows:

“The aggregate number of shares of capital stock which the Corporation shall have the authority to issue is 101,000,000 shares of stock, of which 100,000,000 shares are Common Stock, par value of \$0.01 per share (“Common Stock”), and 1,000,000 shares are Preferred Stock (“Preferred Stock”).”

The remaining provisions of ARTICLE FOUR and our Certificate of Incorporation will remain the same and in full force and effect.

Purpose of Proposed Amendment

As of the Record Date, the Company had 36,143,013 shares of Common Stock issued and outstanding. Additionally the Company had 1,406,289 shares reserved for issuance pursuant to the Company’s existing Amended and Restated 2003 Incentive Stock Option Plan, 220,000 shares reserved for issuance pursuant to the Company’s existing Amended and Restated 2003 Non-Employee Director Stock Option Plan, 884,273 shares reserved for issuance pursuant to the Company’s 2011 Omnibus Incentive Plan for its employees, 220,368 shares reserved for issuance pursuant to the Company’s 2011 Non-Employee Director Restricted Stock Plan, and 1,046,103 shares reserved for issuance pursuant to the Company’s Employee Stock Purchase Plan. If all of the shares of Common Stock reserved for issuance pursuant to these plans are in fact issued, then 39,920,046 shares of the Company’s Common Stock would be issued and outstanding. The Company’s Certificate of Incorporation currently provides that the Company shall have the authority to issue 50,000,000 shares of Common Stock which will leave only 10,079,954 shares authorized for issuance by the Company for corporate business purposes. The board of directors has determined that in order to permit the Company to have sufficient authorized shares of Common Stock for normal corporate business purposes, it is in the best interests of the Company to increase its authorized shares of Common Stock by 50,000,000 shares to 100,000,000 shares of authorized Common Stock. We believe that the availability of authorized but unissued shares will provide us with the flexibility to issue our Common Stock for a variety of corporate purposes, including but not limited to, acquisitions, declaring future stock splits and raising equity capital as necessary. We believe that we will benefit by having the additional shares available for such purposes without delay, and the risk of non-approval of this proposal by our stockholders is that we could be prohibited from taking advantage of these opportunities. There are no current plans, arrangements, commitments or understandings with respect to the issuance of any of the additional shares of our Common Stock which would be authorized by the proposed amendment.

Effect of Proposed Amendment

Our stockholders do not have preemptive rights with respect to our Common Stock. Thus, should our board of directors elect to issue additional shares of our Common Stock, existing stockholders would not have any preferential rights to purchase the shares. If our board of directors elects to issue additional shares of our Common Stock, the issuance could have a dilutive effect on the earnings per share, book value per share, voting power and interest of current stockholders.

[Table of Contents](#)

If the proposed amendment is approved by our stockholders, the additional shares generally will be available for issuance from time to time by us without further action by the stockholders. Stockholder approval of these issuances may be required by applicable law or regulatory agencies, but in most instances we will have the authority to issue or reserve for issuance additional shares of our Common Stock without the approval of our stockholders.

The proposal could have an anti-takeover effect, although that is not our intention. For example, if we were the subject of a hostile takeover attempt, we could try to impede the takeover by issuing shares of our Common Stock, which would dilute the voting power of the other outstanding shares and increase the potential cost of the takeover. The availability of this defensive strategy could discourage unsolicited takeover attempts, which would limit the opportunity for stockholders to realize a higher price for their shares than is generally available in the public markets. This proposal is not being presented with the intent that it be used as a type of anti-takeover device.

If the proposed amendment is adopted, we intend to immediately file it with the Secretary of State of the State of Delaware, at which time it will become effective. However, even if the stockholders approve the proposed amendment to our certificate of incorporation, our board of directors retains discretion under Delaware law not to implement the proposed amendment. If our board of directors were to exercise such discretion, the number of shares of Common Stock authorized for issuance would remain at 50,000,000.

**We Recommend That You Vote For Approval
Of The Amendment To Our Certificate Of Incorporation.**

**PROPOSAL THREE:
RATIFICATION OF THE SELECTION OF INDEPENDENT
REGISTERED PUBLIC ACCOUNTING FIRM**

Ernst & Young LLP served as our independent registered public accounting firm for the fiscal year ended January 31, 2014. The Audit Committee of the board of directors has selected Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending January 31, 2015. Our board of directors has further directed that we submit the selection of our independent registered public accounting firm for ratification by the stockholders at the 2014 annual meeting. Stockholder ratification of the selection of Ernst & Young LLP as our independent registered public accounting firm is not required by our Bylaws or otherwise. However, the board is submitting the selection of Ernst & Young LLP to the stockholders for ratification as a matter of good corporate practice. The Audit Committee believes it to be in the best interests of our stockholders to retain Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending January 31, 2015. If the stockholders fail to ratify the selection, the Audit Committee will reconsider whether or not to retain Ernst & Young LLP. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of a different independent public accounting firm at any time during the year if they determine that such a change would be in our best interests and those of our stockholders. The Audit Committee annually reviews the performance of our independent public accountants and the fees charged for their services. The Audit Committee anticipates, from time to time, obtaining competitive proposals from other independent public accounting firms for our annual audit. Based upon the Audit Committee's analysis of this information, we will determine which independent public accounting firm to engage to perform our annual audit each year. Representatives of Ernst & Young LLP will attend the 2014 annual meeting of stockholders and will be available to respond to appropriate questions that may be asked by stockholders. These representatives will also have an opportunity to make a statement at the meeting if they desire to do so.

**We Recommend That You Vote For The Ratification Of Ernst & Young LLP As Our Independent
Registered Public Accounting Firm.**

**PROPOSAL FOUR:
ADVISORY VOTE FOR APPROVAL OF THE COMPENSATION
OF OUR NAMED EXECUTIVE OFFICERS**

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, or the Dodd-Frank Act, enables our stockholders to vote to approve or disapprove, in a non-binding advisory vote, the compensation of our named executive officers. At our annual meeting of stockholders held on May 24, 2011, our stockholders recommended in an advisory vote that we hold the advisory vote for approval of the compensation of our named executive officers annually. Our board of directors has agreed with this advisory vote, and have determined to hold this vote annually.

As described in the “Compensation Discussion and Analysis”, our compensation program for our named executive officers is designed to (i) motivate and reward performance that increases our stockholder value, including individual measured goals and objectives, (ii) attract and retain executive talent by offering competitive compensation opportunities, and (iii) build and encourage ownership of shares of our Common Stock. Toward these goals, our executive compensation program has been designed and administered to reward our named executive officers based on our financial and operating performance, and their individual performance, and to align their interests with those of our stockholders. In addition, our executive compensation program is designed to encourage their long term commitment to the Company. We believe that our executive compensation program, which primarily consists of a base salary, an annual performance-based cash bonus opportunity, and time-and performance-based equity awards, promotes these objectives. Please read the “Compensation Discussion and Analysis” for a discussion of these objectives, the determination of and the elements of compensation and awards for our executive officers, as well as the elements paid and awarded during our fiscal year 2014.

The Compensation Committee of our board of directors in applying these objectives, relied upon:

- input and recommendations received from our Chairman and Chief Executive Officer regarding the performance of each executive officer other than the Chairman and the Chief Executive Officer, each of whose performance is analyzed by the Compensation Committee, the provided documented support for the attainment by individual executive officers of their respective goals and objectives, and areas of responsibilities and expectations for future performance and goal attainment;
- publicly available information with respect to the executive compensation practices of certain public companies in our industry and peer groups;
- the analysis and recommendations regarding our compensation programs for our executive officers of Frederic W. Cook & Co., a compensation consultant that served as an independent advisor; and
- the individual members’ of the Compensation Committee knowledge of industry compensation practices and programs.

For the reasons discussed above, the Board of Directors unanimously recommends that stockholders vote in favor of the following resolution:

“RESOLVED, that the compensation paid to the Company’s named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby APPROVED on an advisory basis.”

While the resolution is non-binding, the Board of Directors values the opinions that stockholders express in their votes and in any additional dialogue. It will consider the outcome of the vote and those opinions when making future compensation decisions. To the extent there is any significant vote against the named executive officers’ compensation, the Compensation Committee will consider our stockholders’ advisory vote, and evaluate whether, and if so to the extent any actions are necessary to address our named executive officers’ compensation program.

**We Recommend That You Vote For The Compensation
Of Our Named Executive Officers.**

Nomination Policies and Procedures

The Nominating and Corporate Governance Committee consists of two of our current independent directors: Jon E.M. Jacoby and Bob L. Martin.

The goal of our board has been and continues to be, to identify nominees for service on the board of directors who will bring a diversity and variety of perspectives and skills from their professional and business experience, including financial and accounting experience as appropriate. In carrying out its function to nominate candidates for election to our board, the Nominating and Corporate Governance Committee considers the mix of skills, experience, character, commitment, and diversity – diversity being broadly construed to mean a variety of opinions, perspectives, experiences and backgrounds, such as gender, race and ethnicity differences, as well as other differentiating characteristics, all in the context of the requirements of our board at that point in time. The Nominating and Corporate Governance Committee will assess the effectiveness of this policy annually in connection with the nomination of directors for election at the annual meeting of stockholders. In furtherance of our board's goal of identifying and selecting nominees, our board has adopted Corporate Governance Guidelines which are available on our website at www.conns.com under "Investor Relations – Corporate Governance".

The Nominating and Corporate Governance Committee assists the board in fulfilling its responsibilities by (1) identifying individuals believed to be qualified to become members of the board, consistent with criteria approved by the board, (2) recommending candidates to the board for election or reelection as directors, including director candidates submitted by our stockholders, and (3) overseeing, reviewing and making periodic recommendations to the board concerning our corporate governance policies.

The Nominating and Corporate Governance Committee will consider candidates for nomination proposed by stockholders so long as they are made in accordance with the provisions of Section 2.14 of our Bylaws. Section 2.14 of our Bylaws requires that the stockholder provide written notice to our corporate secretary no later than the close of business on the ninetieth (90th) day nor earlier than the close of business on the one hundred twentieth (120th) day prior to the anniversary date of the mailing of the proxy statement for the immediately preceding annual meeting of the stockholders. The notice to our secretary must set forth (a) as to each person whom the stockholder proposes to nominate for election or re-election as a director, information relating to such person that is required to be disclosed in solicitations of proxies for election of directors, or is otherwise required, in each case pursuant to Regulation 14A under the Securities Exchange Act of 1934 (including such person's written consent to being named in the proxy statement as a nominee and to serve as a director if elected); (b) as to any other business that the stockholder proposes to bring before the meeting, a brief description of such business, the reasons for conducting such business at the meeting and any material interest in the business by the stockholder and the beneficial owner, if any, on whose behalf the proposal is made; and (c) as to the stockholder giving the notice and the beneficial owner, if any, on whose behalf the nomination or proposal is made (i) the name and address, as they appear on the Company's books, of such stockholder and beneficial owner; and (ii) the class and number of shares of the Company that are owned beneficially and held of record by such stockholder and such beneficial owner. Notwithstanding this procedure, the board may, in its discretion, exclude from any proxy materials sent to stockholders any matters that may properly be excluded under the Exchange Act, Securities and Exchange Commission rules or other applicable laws.

The charter of the Nominating and Corporate Governance Committee sets forth the minimum requirements for a person to be qualified to be a member of the board of directors, which are that a person must (i) be an individual of the highest character and integrity and have an inquiring mind, vision, a willingness to ask hard questions and the ability to work well with others; (ii) be free of any conflict of interest that would violate any

[Table of Contents](#)

applicable law or regulation or interfere with the proper and reasonable performance of the responsibilities of a director; (iii) be willing and able to devote sufficient time to the affairs of the Company and be diligent in fulfilling the responsibilities of a director and board committee member (including developing and maintaining sufficient knowledge of the Company and its industry; reviewing and analyzing reports and other information important to the board and committee responsibilities; preparing for, attending and participating in board and committee meetings; and satisfying appropriate orientation and continuing education guidelines); and (iv) have the capacity and desire to represent the balanced, best interest of the stockholders as a whole and not primarily a special interest group or constituency. The Nominating and Corporate Governance Committee evaluates whether certain individuals possess the foregoing qualities and recommends to the board for nomination candidates for election or re-election as directors at the annual meeting of stockholders, or if applicable, at a special meeting of stockholders. This process is the same regardless of whether the nominee is recommended by our board or one of our stockholders.

Independent Board Composition

NASDAQ requires that a majority of the board of directors of a listed company be “independent.” NASDAQ’s rules provide that an independent director is a person other than an officer or employee of the Company or its subsidiaries or any other individual having a relationship that, in the opinion of the Company’s board of directors, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. The board has determined that each of Jon E.M. Jacoby, Kelly M. Malson, Bob L. Martin, David Schofman, and Scott L. Thompson is “independent” as defined under SEC and NASDAQ rules. Mr. Bob L. Martin was appointed our Lead Independent Director in August 2012. Prior to his becoming our Interim Chief Executive Officer and President on February 27, 2011, Theodore M. Wright had also been determined by our board as “independent” as defined under SEC and NASDAQ rules.

The independent directors of the board held executive sessions at each regular meeting of the board of directors during fiscal 2014.

At the meeting of the Nominating and Corporate Governance Committee held in March 2013, the Committee discussed the relationships of Jon E.M. Jacoby and Bob L. Martin with The Stephens Group, LLC, and whether those relationships or ownership interests impacted their ability to exercise independent judgment in carrying out their responsibilities as a directors.

The Committee discussed the fact that Mr. Jacoby’s independence has been approved by the Committee and/or the Company’s board of directors every year since the Company’s fiscal year 2008, the year in which The Stephens Group, LLC and Stephens Inc. became independent of each other. The Committee considered Mr. Jacoby’s relationship with The Stephens Group, LLC, and that Mr. Jacoby, although previously employed by Stephens Inc., which has provided investment banking and brokerage services to the Company, was not involved in any investment activities of Stephens Inc. The Committee considered Mr. Jacoby’s positions with these significant stockholders, the fact that Mr. Jacoby is not involved with the investment services of Stephens Inc., and his lack of voting control of the Company’s Common Stock owned by The Stephens Group, LLC, or SG-1890 LLC, an affiliate of The Stephens Group, LLC., and his continuous exercising of independent judgment as one of our directors over the years, and determined that and recommended to the board of directors that it approve Mr. Jacoby’s independence as defined under the SEC and the NASDAQ rules.

The Committee discussed the current position of Bob Martin with The Stephens Group, LLC, and the fact that the position is not substantively different from the consulting work that Mr. Martin has done in previous years for The Stephens Group, LLC, the continuous exercise of independent judgment by Mr. Bob Martin since his election to our board in 2003, and his lack of control of voting of Common Stock owned by The Stephens Group, LLC or any of its affiliates, including SG-1890 LLC, the Committee has determined that and recommended to the board of directors that it approve Mr. Bob Martin’s independence as defined under the SEC and the NASDAQ rules.

Our board of directors at its meeting in March 2014 approved the independence of Messrs. Jacoby and Bob Martin.

The Audit Committee held four regularly scheduled meetings and took action by unanimous written consent one time in fiscal 2014. In addition, each of the members of the Audit Committee is "independent" as defined by the NASDAQ listing standards and the Sarbanes-Oxley Act of 2002 as determined by our board of directors.

Compensation Committee

The Compensation Committee establishes, reviews and approves the compensation program for the Chief Executive Officer and other executive officers based upon recommendations by the Chairman and Chief Executive Officer and its compensation consultant. It also evaluates the compensation plans, policies and programs of the executive officers of the Company and makes recommendations to the board of directors concerning such plans, policies and programs. In addition, it advises the board regarding compensation plans, policies and programs applicable to non-employee directors for their services as a director, and administers our stock option, stock purchase and other equity plans. The Compensation Committee also evaluates the competitiveness of our compensation and the performance of our Chairman and Chief Executive Officer and other executive officers. In connection with the rules adopted by the SEC and NASDAQ, the Company adopted a written charter for the Compensation Committee, which was amended by our board in March 2014 to provide that before engaging a compensation adviser (other than in-house legal counsel), the Compensation Committee shall consider all factors that could affect the independence of such consultant, counsel or advisor as may be identified from time to time in the rules and regulations of the SEC and the listing standards of NASDAQ relevant to that adviser's independence from management.

Jon E.M. Jacoby (Chairman), Scott Thompson and Bob L. Martin comprised the Compensation Committee for the entirety of our fiscal year 2014.

The Compensation Committee held four regular meetings in fiscal 2014. Each meeting was attended by all members of the committee at the time of the meeting. All members of the Compensation Committee were determined by the board of directors to be independent directors as defined by NASDAQ listing standards. Additional information on the Compensation Committee's processes and procedures for consideration of executive compensation are addressed in the Compensation Discussion and Analysis section of this proxy statement below.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee assists the board in identifying and recommending individuals for election or reelection as directors, including director candidates submitted by our stockholders, and advises the board with respect to corporate governance policies and procedures. The committee will periodically review and make recommendations regarding our corporate governance policies and procedures; copies of which corporate governance policies and procedures are discussed below under “Corporate Governance” and are posted on our website at www.conns.com under “Investor Relations – Corporate Governance.” We adopted a written charter for the Nominating and Corporate Governance Committee, and a summary “corporate governance policies and procedures” which are posted on our website at www.conns.com under “Investor Relations – Corporate Governance.”

Members of the Nominating and Corporate Governance Committee are appointed by the board. The members of the Committee serve until their successors are duly elected and qualified, and they may be removed by the board of directors in its discretion. Members of the Committee are independent directors who are not employees of the Company or any of its subsidiaries. The members of the Committee are Jon E.M. Jacoby and Bob L. Martin (Chairman), each of whom served on the Nominating and Corporate Governance Committee for the entirety of fiscal 2014. All members of the Nominating and Corporate Governance Committee were determined to be “independent” as defined by the SEC and NASDAQ listing standards.

Executive Summary

The Compensation Committee made the following key decisions with respect to the fiscal 2014 compensation of our named executive officers:

Maintained base salaries at fiscal 2013 levels, with two exceptions

The Compensation Committee did not increase the base salaries of any of the named executive officers for fiscal 2014 other than with respect to the base salary of Mr. Poppe, whose base salary was increased from \$375,000 to \$425,000 and Mr. Trahan, whose base salary was increased from \$295,000 to \$345,000.

Approved annual cash performance bonuses at 193% of target levels

Based on our achieving fiscal 2014 operating income of \$163,969,000 (after excluding reported charges and credits), the Compensation Committee approved annual performance bonuses at 193% of target.

Adopted an equity compensation policy for fiscal 2014 for our named executive officers (other than Mr. Broussard)

The Compensation Committee adopted a policy for equity awards to our named executive officers (other than Mr. Broussard) which provides:

- The target value of an annual equity award to a named executive officer will equal to 100% of base salary;
- 50% of the target value of the annual award will be in the form of time-vested restricted stock units that vest in equal annual installments over four years, subject to the named executive officer’s continuing service; and
- 50% of the target value of the annual award will be in the form of performance-based restricted stock units, the amount and vesting of which is tied to return on invested capital and the named executive officer’s continuing service.

Compensation Philosophy and Objectives

We have developed a compensation program for our named executive officers designed to: (i) reward and motivate individual and Company performance; (ii) attract and retain executive talent with competitive compensation opportunities; and (iii) build and encourage ownership of our Common Stock. Toward these goals, our compensation program has been designed and administered to reward our named executive officers based on our financial and operating performance and their individual performance, and to align their interests with those of our stockholders. In addition, these goals are intended to encourage their long term commitment to the Company. We believe that our executive compensation program, which consists primarily of a base salary, an annual performance-based cash bonus opportunity, and time-and performance-based equity awards, promotes these objectives.

Compensation Philosophy

The following is the executive compensation philosophy of our Company adopted by our Compensation Committee effective August 30, 2011:

Compensation realized by executives should reflect the individual skills and contributions of the executive, as well as the Company's overall performance against its business plan and changes in stockholder value.

The basic objectives of the Company's executive compensation program include:

- Attracting, motivating and retaining skilled executives necessary to execute its business strategy;
- Motivating executives by linking compensation opportunity to the achievement of the Company's short-term and long-term growth and profitability goals as well as execution of its business strategy;
- Aligning interests of management and stockholders by linking realized compensation directly to increases in stockholder value and requiring ownership of Company stock over a sustained period; and
- Promoting a pay-for-performance culture on a risk-appropriate basis with a majority of the named executive officer's compensation to be earned, or increase in value, based on Company and stock performance.

In addition, the efficiency of the overall program from a tax, accounting, cash flow and stockholder dilution perspective should be balanced against the above objectives. In support of the stated objectives, the Company delivers an executive compensation program that includes the following fundamental elements:

1. Base salary;
2. Short-term cash incentives; and
3. Long-term equity incentives in the form of options, restricted stock units and performance-based restricted stock units.

Additional benefits and perquisites may be included when appropriate.

A named executive officer's total direct compensation opportunity (i.e., base salary, target short-term cash incentives and long-term equity incentives) should be competitive with market practice. "Market practice" generally means the median (i.e., 50th percentile) of the total direct compensation opportunity of peer executives at companies in our peer group (defined below). However, the Compensation Committee may in its discretion provide a named executive officer with a total direct compensation opportunity above or below market practice based on the following factors:

- The named executive officer's individual skills, experience, and performance;
- The difficulty of replacing the named executive officer and importance of the position to the Company; and
- The risk profile of the named executive officer's compensation relative to market practice.

Actual compensation earned by a named executive officer may be above or below market level depending on the named executive officer's individual performance and the Company's absolute or relative performance to its peers.

Compensation Objectives

Reward Performance: A significant portion of the total direct compensation of each of our named executive officers is performance-based. One way in which we reward performance is through grants of equity, the value of which is tied to increases in our stock price. While we recognize that stock price performance is one measure of performance, given business conditions in the industry and the financial markets, and our long-term strategic direction and goals, we believe that it may not always be the best performance measure. As a result, a

[Table of Contents](#)

portion of our named executive officers' total direct compensation is based on the Company's financial results, as measured by our operating income in the case of annual cash bonuses and by our return on invested capital in the case of performance-based restricted stock units. We may also award discretionary bonuses based on our subjective review of the individual performance of each of the named executive officers.

Attract, Retain and Motivate: We structure the compensation of our named executive officers with the goal of attracting and retaining the benefits of excellent executives in our significant areas of operations – sales, merchandising, financial and liquidity, consumer credit, distribution, product service and training. We promote these objectives by ensuring that our compensation is competitive within our industry and by providing that equity awards vest over at least a four-year period (subject to our Compensation Committee's discretion in determining a different vesting schedule as it deems appropriate under the circumstances). In addition, a significant portion of a named executive officer's total direct compensation opportunity is tied to performance-based incentives that motivate our the named executive officer to achieve strong financial and operational results.

Encourage Ownership of our Shares of Common Stock: We believe that ownership of company Common Stock by our named executive officers and non-employee directors directly aligns their interests with those of our stockholders. To reinforce this belief, our Compensation Committee adopted stock ownership guidelines for our non-employee directors and our named executive officers in August 2011 which were updated by our Nominating and Corporate Governance Committee and approved by the Board in December 2013, as discussed in more detail below.

Determining Compensation

The Compensation Committee reviews the compensation of the named executive officers on an annual basis. Our compensation program consists of three basic elements: (i) base salary; (ii) annual cash bonus (both predetermined based on our Company and individual performance, and with discretionary aspects to reward those with outstanding performance); and (iii) equity awards. These components work together in determining the overall compensation of our named executive officers.

The Compensation Committee is responsible for administering the executive compensation program for each of the named executive officers, including the Chief Executive Officer. The Chief Executive Officer assists the Compensation Committee with administering the executive compensation program for the other named executive officers, except with regard to certain actions and responsibilities that are specifically reserved to the Compensation Committee or Board of Directors. The Chief Executive Officer plays no role in the compensation process, and is not present during voting or deliberations, with respect to his own compensation. These responsibilities are identified in the Compensation Committee Charter posted on our website at ir.conns.com.

Our Compensation Committee seeks to structure compensation of our named executive officers in such a manner as to avoid encouraging excessive risk taking. To discourage excessive risk-taking the Compensation Committee: (i) caps the annual incentive bonuses at 200% of target; (ii) adopted equity ownership guidelines for our named executive officers; and (iii) imposes varying time horizons for short- and long-term incentive compensation, intending to balance the executive's attention to our short- and long-term performance goals and business objectives. The Compensation Committee also periodically reviews and adjusts the cash and equity award amounts tied to our short-term and long-term performance goals and objectives. In so doing, we are better able to address market and Company risks as they arise and adjust our direction and actions to compensate for such risks while maintaining our stability over the long-term. We believe that these actions ensure ongoing alignment of our performance objectives and our stockholder interests with a view to long-term value creation.

In applying the above-described objectives for our executive compensation program, the Compensation Committee, in making its final determination, primarily relies upon:

- input and recommendations received from the Chairman and the Chief Executive Officer, and other supervisors of each executive officer except the Chief Executive Officer, regarding the day-to-day performance of each individual and each executive officer's areas of responsibilities and expectations for future performance;
- publicly available information with respect to the executive compensation practices of our peer group companies;

Table of Contents

- the analysis and recommendations of its independent compensation consultant regarding our compensation programs for our executive officers; and
- its own judgment and knowledge of the industry.

Input Received from our Chairman and Chief Executive Officer. The Compensation Committee has historically relied in part on the input and recommendations of the our Chairman and Chief Executive Officer in making its determination regarding base salaries of the executive officers, individual levels for bonus compensation, and whether to grant long-term equity awards to our executive officers and if so, in what forms and amounts. The Compensation Committee believes that our Chairman and Chief Executive Officer, by virtue of his role in overseeing the day-to-day performance of such individuals and his experience in the industry, is appropriately suited to make informed recommendations to the Compensation Committee with respect to the foregoing elements of our executive compensation program. The Compensation Committee alone, with input and guidance from its independent compensation consultant, determines the compensation for our Chief Executive Officer.

Peer Group Data. While the Compensation Committee does not rely solely on any comparative analyses of the amounts and forms of compensation which are paid to executive officers with comparable roles at other public companies, it does review annually and take into consideration such analyses for public companies of comparable size and nature to our businesses (i.e., retail businesses including those that provide in-house financing of their merchandise sales), as well as similarly situated public companies outside the retail business industry. We refer to such companies collectively as our “peer group.” For fiscal 2014, the peer group was reviewed and updated by the Compensation Committee based on refined selection criteria that better reflect the Company’s size and business. The selection criteria were tied on industry classification, revenue, and market capitalization, and developed by the Compensation Committee’s independent compensation consultant. The new selection criteria resulted in four companies from the fiscal 2013 peer group being removed and six companies being added. For the fiscal year 2014, the companies that comprised our peer group were: Restoration Hardware, Pier 1 Imports, Aaron’s, Rent-A-Center, La-Z-Boy, Cash America, Mattress Firm Holding, Select Comfort, Ethan Allen, EZCORP, Haverty Furniture, Tuesday Morning, hhgregg, DFC Global, and Gordmans Stores. The amount and structure of peer company compensation is considered in the Compensation Committee’s determination of the compensation of executive officers, but the Compensation Committee does not target compensation of our named executive officers to a specific benchmark level relative to our peer group since our business model and resulting areas of responsibility are not directly comparable with those of named executives within our peer group. Instead, the Compensation Committee utilizes the competitive peer group compensation data to confirm that our compensation and incentive opportunities are appropriate and competitive relative to the market. The Compensation Committee may determine to modify the compensation levels of our named executive officers if it is deemed to not be competitive. The Compensation Committee also relies on its knowledge of the industry practices and our peers in determining our named executive officers’ base salary, bonus and equity awards, as it deems appropriate and necessary to reward overall performance and achievements and to promote retention and stability within our executive team.

Compensation Consultant. Our Compensation Committee retained an independent compensation consultant, Frederic W. Cook & Co., Inc. (the “Compensation Consultant”), to review our named executive officers’ compensation and to make recommendations to the Compensation Committee regarding the compensation packages for our named executive officers for the fiscal year 2014. The Compensation Committee has utilized the recommendations of the Compensation Consultant as well as input from our Chief Executive Officer in setting the compensation packages for our named executive officers for fiscal year 2014. The Compensation Committee assessed the independence of the Compensation Consultant pursuant to SEC and NASDAQ rules and concluded that no conflict of interest exists that would prevent it from serving as an independent consultant to the Compensation Committee.

Other Factors. The Compensation Committee will also consider our financial performance to the extent that the Compensation Committee believes it may be fairly attributed or related to the performance of a particular named executive officer. The Compensation Committee will also consider the contribution of each named executive officer relative to his individual responsibilities and capabilities. While the Compensation Committee does consider our stock price performance generally, it is not used as an explicit performance measure to determine incentive payouts given the fact that it reflects a variety of factors not within the direct control of our named executive officers including, but not limited to, the business conditions of the industry within which we operate and the broader economy in general.

Elements of Compensation

The compensation of our named executive officers consists of three basic elements: (i) base salary; (ii) bonus (both pre-determined based on our performance and individual performance, and discretionary); and (iii) equity awards. These components work together in determining the overall compensation of our named executive officers.

Base Salary: Each named executive officer receives a base salary determined by the Compensation Committee to be commensurate with the officer's area of responsibility and that officer's areas and extent of responsibility in relation to our performance as a whole. The determination of this component is generally made at the first Compensation Committee meeting during each fiscal year, and is set for the ensuing fiscal year, or at other meetings as deemed appropriate by the Compensation Committee. For our fiscal 2014, this determination was made by our Compensation Committee at its meeting held in March 2013. Individual salaries take into account our established salary policies; the individual's levels of responsibility, contribution and value to the Company; individual performance; and prior relevant experience. No specific formula is applied to determine the weight of each factor, and the factors are considered by our Compensation Committee in its discretion. Salary reviews are conducted annually in which individual performance is evaluated; however, individual salaries are not necessarily adjusted each year. Our Compensation Committee generally establishes base salaries at competitive levels.

Based on these factors (and, in the case of named executive officers other than our Chief Executive Officer, the recommendations of our Chief Executive Officer) our Compensation Committee approved the base salaries for our named executive officers, for fiscal 2014:

<u>Name</u>	<u>Fiscal 2013 Base Salary</u>	<u>Fiscal 2014 Base Salary</u>
Theodore M. Wright	\$ 700,000	\$ 700,000
Michael J. Poppe	\$ 375,000	\$ 425,000
David W. Trahan	\$ 295,000	\$ 345,000
Brian E. Taylor	\$ 295,000	\$ 295,000
Walter M. Broussard	\$ 225,000	\$ 225,000

As noted in the table above, except for the base salaries of Mr. Poppe and Mr. Trahan, there were no changes to the base salaries of any other named executive officer from their respective fiscal 2013 base salaries. The Compensation Committee believed that the approximate 13% and 17% increases for Mr. Poppe and Mr. Trahan, respectively, were appropriate based on their strong performance and contribution to Company objectives, and that even after the increase such base salaries were still below the 50th percentile of our peer group of companies.

Annual Cash Incentive Bonus: The Compensation Committee establishes our bonus program for all named executive officers, as well as certain other executive officers and employees, after receiving recommendations from the Chairman and Chief Executive Officer. The bonus program is based on both pre-determined levels of Company performance and bonus levels set for each named executive officer based on individual performance, and may include elements of discretionary bonus based upon an individual's performance. The bonus opportunity is stated as a percentage of base salary consistent with the competitive market for executives in similar positions. During fiscal 2014 the bonus opportunity for the named executive officers was as follows:

<u>Name</u>	<u>Target Bonus (as a % of Salary)</u>	<u>Target Bonus Value (100%)</u>	<u>Maximum Bonus (as a % of Salary)</u>
Theodore M. Wright	61%	\$ 425,000	122%
Michael J. Poppe	60%	\$ 255,000	120%
David W. Trahan	60%	\$ 207,000	120%
Brian E. Taylor	60%	\$ 177,000	120%
Walter M. Broussard (1)	60%	\$ 135,000	120%

- (1) 50% of Mr. Broussard's total bonus opportunity is based on the Company's operating income goals and 50% is based on achievement of certain personal performance goals. His total target bonus potential is shown in the table above.

[Table of Contents](#)

The named executive officers receive bonus payments based on the achievement of pre-determined Company performance goals approved by the Compensation Committee each fiscal year. For the fiscal year ended January 31, 2014, the performance metrics and the bonus amount associated with each of those goals were as follows:

<u>Name</u>	<u>Fiscal Year 2014 Operating Income Goals</u>		
	<u>\$120,300,000</u> Threshold (1)	<u>\$140,200,000</u> Target (1)	<u>\$165,800,000</u> Maximum (1)
Theodore M. Wright	85,000	425,000	850,000
Michael J. Poppe	51,000	255,000	510,000
Brian E. Taylor	35,400	177,000	354,000
David W. Trahan	41,400	207,000	414,000
Walter M. Broussard (2)	27,000	135,000	270,000

- (1) Bonuses are calculated on a pro-rata basis when operating income falls between the levels shown above.
- (2) 50% of bonus payment is based on the achievement of certain personal performance goals.

Upon completion of each fiscal year, the Compensation Committee determines the annual cash incentive bonuses based on the results of the bonus plan formula described above. The Compensation Committee discusses and approves the annual cash incentive bonus payments, considering the factors stated above. The Company's operating income in fiscal 2014 was \$163,969,000, 193% of target levels. Below are the cash bonuses that were earned and paid under our fiscal 2104 annual cash incentive bonus program:

<u>Fiscal 2014 Bonus Payouts</u>	
<u>Name</u>	<u>Fiscal 2014</u> <u>Actual Payout</u>
Theodore M. Wright (1)	\$ 819,603
Michael J. Poppe	\$ 419,762
David W. Trahan	\$ 399,195
Brian E. Taylor	\$ 341,340
Walter M. Broussard (2)	\$ 260,344

- (1) The bonus paid to Mr. Wright is pursuant to his Incentive Compensation Award Agreement, as approved by our stockholders at our May 30, 2012 annual meeting.
- (2) Mr. Broussard's performance goal target paid out at 100%. Mr. Broussard's bonus payment of \$260,344 is comprised of \$130,172, which equals the 50% of his total bonus potential weighted towards the Company's performance goals, and \$130,172 which equals the 50% of his total bonus potential weighted toward meeting his individual performance goals.

Individual named executive officers may also receive bonus payments based on individual performance. These bonus levels are recommended by the Chairman and the Chief Executive Officer, and determined by the Compensation Committee, based on that named executive officer's level of responsibility and ability to affect the performance of his area of responsibility and the Company's performance. None of these bonus levels are based

[Table of Contents](#)

upon any percentage of the individuals' base salary or goals, but each does have defined objective calculations based upon the areas of that individual's responsibilities. At the end of each fiscal year, the Compensation Committee may additionally establish individual performance bonus awards for each named executive officer upon recommendation of the Chairman and Chief Executive Officer, or as separately determined by the Compensation Committee. No bonuses were awarded to any of our named executive officers based in individual performance in fiscal 2014, other than to Mr. Broussard where his personal performance is weighted 50% towards his total annual cash incentive bonus payout.

Equity Awards

The fiscal year 2014 annual equity awards to certain of our named executive officers were granted pursuant to a policy adopted by the Compensation Committee in June 2013. The specific performance metrics are approved annually by the Compensation Committee. That policy provides that:

- The target value of an annual equity award to all named executive officers will equal to 100% of his or her base salary;
- 50% of the target value of the annual equity award will be in the form of time-vested restricted stock units that vest in equal annual installments over four years; and
- 50% of the target value of the annual award will be in the form of performance-based restricted stock units. The named executive officer can earn: (i) 50% of the performance-based restricted stock units if we average 16.5% return on invested capital ("ROIC"), over the two-year measurement period (the "Threshold" level); (ii) 100% of the performance-based restricted stock units if we average 20% ROIC over the performance period (the "Target" level); and (iii) 150% of the performance-based restricted stock units if we average 23.5% ROIC (the "Maximum" level). In the event the threshold is not attained over the performance period, no performance-based restricted stock units will be earned. These performance-based restricted stock units, if earned, will vest as follows: 50% at June 3, 2015, 25% at June 3, 2016 and 25% at June 3, 2017.

ROIC for each performance-based restricted stock unit grant is calculated over a two-year period as: (A) operating income (excluding charges and credits) divided by (B) the average balances of (i) debt plus (ii) equity, minus (iii) cash over the two-year period. This performance metric is approved by the Compensation Committee.

The Compensation Committee selected ROIC because it is a measure of whether the long-term capital investment decisions made by our named executive officers improved our financial and operational performance. In addition, the Compensation Committee believes that our ROIC performance is closely linked to our stock price performance and stockholder returns.

The Compensation Committee may in its discretion grant other equity awards to the named executive officers from time-to-time, which may include time-vested stock options, restricted stock, restricted stock units, and performance-based restricted stock units pursuant to our 2011 Omnibus Incentive Plan. In making any such awards, the Compensation Committee will consider:

- the number of equity awards previously granted to the named executive officer; and
- the named executive officer's past and expected future contributions to the Company.

Compensation under our equity incentive program is intended to align the long-term interests of our named executive officers with those of our stockholders and to provide long-term performance incentives to our named executive officers to complement the other forms of compensation they receive.

In making long-term incentive compensation decisions, no formal weighting formula is used in deciding award amounts under our equity incentive programs. Our Compensation Committee instead considers each executive's ability and individual responsibility to directly impact our Company's overall performance in the long-term, and makes equity awards based on considerations for each individual executive.

We use equity awards to counterbalance the short-term base salary and bonus compensation components provided to our named executive officers. We do not target any set mix of compensation components. Our Compensation Committee reviews the goals of our Company and the status of the markets in which we compete to determine the appropriate combination of short-term and long-term incentive compensation should be structured in

[Table of Contents](#)

order to properly incentivize our executives to best implement both the short-term and long-term elements of our Company strategies.

Timing of Equity Grants

Annual equity awards are granted to our named executive officers at the Company's regular meeting of the Board of Directors scheduled for the first quarter of each fiscal year. Off-cycle (non-annual) awards may be made if our Chief Executive Officer and the Compensation Committee deem it appropriate for newly-promoted employees, strategic new hires, or in other special or unique circumstances.

Health, Retirement, Perquisites and Other Benefits

Our named executive officers are eligible to participate in the same retirement and other health and welfare benefit plans, including medical, dental, vision, long-term and short-term disability, life insurance, employee discount, and in the Company's employee stock purchase plan, in each case on the same basis as our other eligible employees.

Annual Advisory Vote on Executive Compensation

At our 2013 annual meeting, approximately 99.4% of the votes cast were in favor of the advisory resolution on our executive compensation. The Compensation Committee believes that the positive outcome of this vote supports the compensation arrangements established by it for our named executive officers, and therefore continued to apply the same pay-for-performance principles and philosophies when making decisions relating to our named executive officers fiscal year 2014 compensation. In addition, at our 2011 annual meeting, our stockholders approved a recommendation of an annual advisory vote by the stockholders on our executive officers' compensation. The board of directors has adopted that recommendation and has held, and intends to hold, an annual advisory vote on our executive officers' compensation.

Stock Ownership Guidelines

In August 2011, our Board of Directors adopted stock ownership guidelines for our non-employee directors and certain executive officers to further align their interests more closely with the interests of our stockholders. In December 2013, our stock ownership guidelines were revised by the Nominating and Corporate Governance Committee and the Board and are described below.

The Company's Chief Executive Officer is required to own shares of Company Common Stock with a value equal to at least four times his or her annual base salary, and each other named executive officer is required to own shares of our Common Stock with a value equal to at least two times his or her annual base salary. All beneficially owned shares of Common Stock including vested options and options that will vest within 60 days and unvested restricted stock units are counted towards achievement of the ownership guideline. Individuals are required to achieve the applicable level of ownership within five years after first becoming subject to the guidelines. If an individual becomes subject to the stock ownership guidelines or is subject to a greater ownership amount, due to promotion or an increase in base salary, the individual is expected to meet the applicable ownership amount within the later of the original period or twelve-months from the effective date of the promotion or salary change. If an individual falls below the applicable guideline due solely to a decline in the value of the Common Stock, the individual will not be required to acquire additional shares to meet the guideline, but he or she will be required to retain all shares then held (except for shares withheld to pay withholding taxes or the exercise price of options) until such time as the individual again attains the stock ownership threshold.

All of our named executive officers comply with our current stock ownership guidelines.

Prohibition on Hedging and Pledging

The Company's insider trading policy, a copy of which is available on our website at <http://ir.conns.com> restricts all officers, directors and certain employees from engaging in any of the following activities with respect to the securities of:

- Purchases on margin (where money is borrowed to make the purchase);
- Short sales;
- Buying or selling puts or calls;
- Hedging or monetization transactions, such as zero-cost collars and forward sale contracts, that allow an employee to lock in much of the value of his or her stock holdings, often in exchange for all or part of the potential upside appreciation in the stock; or
- Holding Company securities in a margin account or pledging Company securities as collateral for a loan without adequate financial resources to prevent a forced sale.

To the Company's knowledge, none of our officers or directors have entered into any hedging transactions with respect to Company stock, nor have they pledged any Company stock to secure any personal indebtedness or deposited Company stock into any margin account.

Other Compensation

We provide our named executive officers with limited perquisites and other benefits, as reflected in the All Other Compensation column in the "Summary Compensation Table", which the Compensation Committee believes is reasonable, competitive and consistent with the objectives of our executive compensation program.

Employment and Related Agreements

Certain of the named executive officers have entered into Executive Severance Agreements with the Company, the material terms of which are explained in more detail under "Termination of Employment and Change of Control Arrangements".

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed the Compensation Discussion and Analysis and discussed it with the Company's management. Based on its review and discussions with management, the Committee recommended to the board of directors that the Compensation Discussion and Analysis be included in the Company's Annual Report on Form 10-K for fiscal year ended January 31, 2014 and the Company's 2014 Proxy Statement on Schedule 14A related to the 2014 annual meeting of stockholders, for filing with the Securities and Exchange Commission.

Termination of Employment and Change of Control Arrangements

Executive Severance Agreements

Our Company entered into executive severance agreements with each of Messrs. Wright, Poppe, Trahan and Taylor (collectively, the “**Agreement**”). The Agreement is designed to (i) provide a level of transition assistance in the event of an involuntary termination of employment with the goal of keeping these named executive officers focused on our business rather than their personal circumstances, and (ii) encourage these named executive officers to continue to devote their full attention to the business of the Company in the event of a potential change in control to allow for a smooth transition. The Compensation Committee believes the Agreement promotes the objectives of the Company and aligns with the interests of our stockholders by encouraging continuity of leadership in those situations.

The term of the Agreement is for one year and automatically renews for successive one-year periods unless terminated by the Company upon prior written notice. If the named executive officer is involuntarily terminated without cause (as defined below) or if the executive voluntarily terminates his employment for good reason (as defined below), then (i) the executive will receive salary continuation payments (at the rate in effect on the day before his termination) for eighteen months following termination (the “severance period”), (ii) the executive will receive continuation coverage during the severance period under the Company’s medical, dental, life, disability and other welfare benefit plans, and (iii) all awards held by executive under our 2003 Incentive Stock Option Plan and 2011 Omnibus Incentive Plan will continue to vest and, if applicable, be exercisable during the severance period as if the executive had continued his employment for the duration of the severance period.

Under the Agreement “cause” is defined as (i) behavior of executive which is adverse to the Company’s interests, (ii) executive’s dishonesty, criminal charge or conviction, grossly negligent misconduct, willful misconduct, acts of bad faith, neglect of duty or (iii) executive’s material breach of the Agreement.

Under the Agreement “good reason” generally means, without the executive’s express written consent, (i) the material diminution of the executive’s title, duties, authority or responsibilities relative to executive’s duties, authority or responsibilities as in effect immediately prior to such reduction, or the assignment to executive of such reduced duties, authority or responsibilities, (ii) a substantial reduction, without good business reasons, of the facilities and perquisites (including office space and location) available to the executive immediately prior to such reduction, (iii) a material reduction of executive’s base salary or annual bonus opportunity, each as in effect as of the effective date of the Agreement, (iv) a material reduction in the kind or level of employee benefits, including additional bonus opportunities, to which the executive was entitled immediately prior to such reduction with the result that the executive’s overall benefits package is significantly reduced, (v) upon a change of control (as defined below), the failure of the Company to obtain the assumption of the Agreement by the successor, (vi) upon a change of control, the transfer of executive’s principal place of employment to a location that is more than 100 miles from executive’s principal place of employment immediately prior to the change of control, or (vii) any act or set of facts or circumstances that would, under case law or statute, constitute a constructive termination of executive, provided, in each case, that executive terminates employment within 60 days of the occurrence of such circumstances.

The Agreement also provides that if during the period beginning one year prior to a change of control (as defined below) and ending one year following the change in control, the executive is terminated without cause (as defined above) or if the executive voluntarily terminates his employment for good reason (as defined above), then (i) the executive will receive a lump sum payment equal to three times the executive’s annual base salary (as in effect on the day prior to the date of such termination), (ii) the executive will receive continuation coverage under the Company’s medical, dental, life, disability and other welfare benefit for eighteen months following termination, and (iii) all equity awards held by executive under our 2003 Incentive Stock Option Plan and 2011 Omnibus Incentive Plan will immediately vest on the later of the date of termination or the date of the change of control, and if applicable, these equity awards will continue to be exercisable for eighteen months following executive’s termination as if the executive had remained an employee of the Company.

The Agreement generally defines a “change of control” as (i) a person acquiring 35% or more of the voting power of the Company, (ii) a change in the composition of our Board of Directors during any twelve-month period as a result of which less than a majority of the directors are “incumbent directors” (as defined in the Agreement), (iii) a merger or consolidation of the Company (unless it still controls a majority of the voting stock), (iv) a complete liquidation or dissolution of the Company, or (v) a sale, disposition, lease, or exchange of all or substantially all of the Company’s assets or of one of the significant operating divisions, including the retail and credit divisions.

By entering into the Agreement, each of the executives agreed to be subject to and bound by the confidentiality, non-compete, non-disclosure and non-solicitation provisions therein.

On December 3, 2013, the Company entered into a First Amendment to the Agreement with each of Theodore M. Wright, Michael J. Poppe, Brian E. Taylor and David W. Trahan which provides that if payments triggered by a change of control would be subject to an excise tax under Section 4999 of the Internal Revenue Code, then the payments either (i) would be reduced by the amount needed to avoid triggering the excise tax, or (ii) would not be reduced, depending on which alternative left the executive in the best after-tax position. Before this amendment the Agreement provided that payments under the Agreement would be reduced by the amount needed to avoid triggering the excise tax.

Table of Contents

Mr. Broussard is not a party to an Agreement. However, all unvested stock options held by Mr. Broussard will vest upon a change of control (as defined in our Amended and Restated 2003 Incentive Stock Option Plan (the “2003 Plan”)) unless (i) the acquiring entity assumes or substitutes his unvested stock options, and (ii) he is not involuntarily terminated (as defined in the 2003 Plan) during the one-year period following the change of control. In addition, upon a change of control (as defined in our 2011 Omnibus Incentive Plan) all unvested restricted stock units held by Mr. Broussard will fully vest.

The following table provides the quantitative disclosure of the severance and change of control payments that would be made to our named executive officers assuming the applicable payment event occurred on January 31, 2014:

This Table does not include the exercisable options reflected in the Outstanding Equity Awards at Fiscal Year End Table. Option values are based on the difference between the option exercise price and the closing price for our common stock on January 31, 2014, multiplied by the number of shares to be acquired upon exercise of the option.
- (3) Assumes for purposes of change-in-control with termination that payout for the performance-based restricted stock units will be at target.

- (5) Mr. Broussard is not party to an Executive Severance Agreement with the Company.
- (6) All unvested stock options held by Mr. Broussard would vest upon a change of control (as defined in our Amended and Restated 2003 Incentive Stock Option Plan (the “2003 Plan”)) unless (i) the acquiring entity assumes or substitutes his unvested stock options, and (ii) he is not involuntarily terminated (as defined in the 2003 Plan) during the one-year period following the change of control. Assuming that a change of control occurred on January 31, 2014, and the acquiring entity did not assume or substitute Mr. Broussard’s outstanding unvested stock options or he is involuntarily terminated immediately following that change of control, the aggregate value of the accelerated vesting of Mr. Broussard’s unvested stock options as of January 31, 2014, would be \$338,780, calculated based on the closing price of our common stock on January 31, 2014.
- (7) This amount assumes accelerated vesting of Mr. Broussard’s unvested restricted stock units assuming a change of control (as defined in our 2011 Omnibus Incentive Plan) occurred on January 31, 2014. The amount is calculated based on the closing price of our common stock on January 31, 2014.
- (8) The amounts reported are the maximum amounts and do not reflect any potential cutbacks triggered by application of Section 280G of the Internal Revenue Code under the terms of the applicable agreement/plan/program.

Compensation of Non-Employee Directors

Each of our non-employee directors receives an annual Director's fee of \$50,000, the chair of the Audit Committee receives an annual fee of \$15,000, and the chair of the Compensation Committee receives an annual fee of \$10,000. An annual fee of \$15,000 is paid to our Lead Independent Director.

Non-employee directors are also eligible to participate in the employee discount program and are subject to the same terms of the program as Company employees.

In February 2003, we adopted the 2003 Non-Employee Director Stock Option Plan in connection with our initial public offering, and amended the plan by vote of stockholders at our 2006 annual meeting of stockholders. The plan is administered by the board of directors. Only non-employee directors are eligible grantees. Upon the closing of the initial public offering, we granted each of our then-current non-employee directors the option to purchase 40,000 shares of our Common Stock. Up until the 2012 fiscal year, we automatically, per the 2003 Non-Employee Director Stock Option Plan, granted our non-employee directors an option to purchase an additional 10,000 shares following each annual meeting of stockholders on and after the fourth anniversary of each non-employee director's initial election or appointment to the board of directors. The initial options to purchase 40,000 shares of our Common Stock issued to non-employee directors vested equally over a three year period, and the additional options to purchase 10,000 shares of our Common Stock issued to non-employee directors vested on the first annual anniversary date of the date of the grant. All of these options have vested and are reflected in the tables below to the extent unexercised. The exercise price of each option was equal to the price per share of our Common Stock at the close of market on the date the option was granted. The options have a term of up to ten years before they expire. If the Compensation Committee were to determine to issue any further options to non-employee directors, they would vest on the annual anniversary date of their issuance, and would be priced as of the close of market on the date of the grant, and upon a change in control or sale of the Company, the optionees would have special vesting and exercise rights. Under the 2003 Non-Employee Director Stock Option Plan, the number of options available to issue is 600,000. As of January 31, 2014, 550,000 options had been issued under this Plan.

The annual award of options granted under our 2003 Non-Employee Director Stock Option Plan was eliminated by our Compensation Committee for our non-employee board members since fiscal year 2012 and no options have been issued to our non-employee directors since fiscal 2011.

At our 2011 annual meeting, our stockholders approved the adoption of the Company's 2011 Non-Employee Director Restricted Stock Plan. This Plan is administered by our Compensation Committee and only non-employee directors are eligible recipients of awards under the Plan. The Plan permits the awarding restricted stock and restricted stock units to our non-employee directors.

In March 2013, the Compensation Committee awarded each non-employee director 1,208 restricted stock units with a fair value of approximately \$60,000. The actual number of restricted stock units issued was based on the closing price of our Common Stock on the day immediately preceding the award.

All of the restricted stock units issued to our non-employee directors under our 2011 Non-Employee Director Restricted Stock Plan fully vest on the annual anniversary of each award date.

Presented in the following table is the total compensation for each non-employee director for the fiscal year 2014:

Indemnification Arrangements

As permitted by the Delaware General Corporation Law, we have adopted provisions in our Certificate of Incorporation and Bylaws that provide for the indemnification of our directors and certain executive officers, including our named executive officers, to the fullest extent permitted by applicable law. These provisions, among other things, indemnify each of our directors and certain officers for certain expenses, including judgments, fines and amounts paid in settling or otherwise disposing of actions or threatened actions, incurred by reason of the fact that such person was a director or officer of the Company or of any other corporation which such person served in any capacity at the request of the Company.

In addition, we have entered into indemnification agreements with each of our directors pursuant to which we will indemnify them against judgments, claims, damages, losses and expenses incurred as a result of the fact that any director, in his capacity as a director, is made or threatened to be made a party to any suit or proceeding. The indemnification agreements also provide for the advancement of certain expenses (such as attorney's fees, witness fees, damages, judgments, fines and settlement costs) to our directors in connection with any such suit or proceeding.

We maintain a directors' and officers' liability insurance policy to insure our directors and officers against certain losses resulting from acts committed by them in their capacities as our directors and officers, including liabilities arising under the Securities Act of 1933.

CORPORATE GOVERNANCE

Corporate Governance Policies and Procedures

The Company believes that sound corporate governance practices are essential to maintain the trust of our stockholders, customers, employees and other stakeholders. We believe we operate under governance practices that are transparent, up-to-date and appropriate for our industry. The following materials are related to our corporate governance and related matters:

- the Audit Committee Charter
- the Compensation Committee Charter
- Nominating and Corporate Governance Committee Charter
- the Code of Business Conduct and Ethics for Employees
- Code of Ethics for the Chief Executive Officer, President and Senior Financial Professionals
- Code of Business Conduct and Ethics for Members of the Board of Directors
- Whistle Blower Policy
- Corporate Governance Guidelines
- Amended and Restated Insider Trading Policy

Each of the aforementioned are available on the Company's website at ir.conns.com. There were no amendments to, or waivers from, any of our Codes of Business Conduct for any of our named executive officers during the fiscal year ended January 31, 2014.

Separation of Chairman of the Board and Chief Executive Officer

Effective December 7, 2010, our board of directors elected Theodore M. Wright as the Chairman of the Board of Directors. Prior to February 27, 2011, Mr. Wright was not and never had been an employee or executive officer of our Company, had been a member of our board of directors since September 2003, and had been designated an independent director each year since his election to the board of directors. Effective February 27, 2011, Mr. Wright was elected to serve as our Interim Chief Executive Officer and President while our board pursued and completed a search for a Chief Executive Officer and President. Effective December 5, 2011, Mr. Wright was elected by our board to serve as our Chief Executive Officer and President, and our board requested that he continue to serve as its Chairman. While our bylaws and corporate governance guidelines do not require that our Chairman of the Board of Directors position and Chief Executive Officer positions be separated, effective February 27, 2011, with the election of Mr. Wright as Interim Chief Executive Officer and President, the board determined that, at least while the search for a permanent Chief Executive Officer and President was continuing and until such position is filled, the Company's best interests would be best served by having the positions of Chairman of the Board of Directors and the Interim Chief Executive Officer and President be filled by Mr. Wright, who was thereby deemed to no longer be an independent member of the board of directors. Upon Mr. Wright's election by the board of directors to serve as the Chief Executive Officer in conclusion of its search, the board determined that the Company's best interests are served by Mr. Wright continuing to serve as both Chairman and Chief Executive Officer of the Company.

The determination by the board of directors to elect a director determined by the board of directors to no longer be independent as its Chairman, rather than to elect an independent member of the board as its Chairman, was based upon the board of directors belief that this separation was not needed due to the length of time Mr. Wright had served on the Board as an independent director—since 2003, and that his expertise in both roles would be in the best interest of the Company and our stockholders, and additionally would bring a different perspective to the board from that of previous chief executive officers whose time and efforts had been primarily devoted to the Company operations.

Lead Independent Director

Our board of directors determined at its meeting held in August 2012, that our interests would be better served by the designation and appointment of a lead independent director, and appointed Bob L. Martin to serve in that capacity until his resignation and his successor is appointed. The lead independent director is responsible for coordinating the activities of the independent directors of the board of directors, and shall perform such other duties and assume such other responsibilities as the board may determine. Certain of the specific responsibilities of the lead independent director are:

- Act as the principal liaison between the independent directors of the board and the Chairman of the Board;
- Develop the agenda for and preside at executive sessions of the board's independent directors;
- Approve with the Chairman of the Board the agenda for board and committee meetings and the need for special meetings of the board;
- Advise the Chairman of the Board as to the quality, quantity and timeliness of the information submitted by the Company's management that is necessary or appropriate for the independent directors to effectively and responsibly perform their duties;
- Recommend to the board the retention of advisors and consultants who report directly to the board;
- Interview, along with the chair of the Nominating and Corporate Governance Committee, all board candidates, and make recommendations to the Nominating and Corporate Governance Committee;
- Assist the board and Company officers in better ensuring compliance with and implementation of the Corporate Governance Guidelines;
- Serve as Chairman of the Board when the Chairman is not present; and
- Serve as a liaison for consultation and communication with stockholders.

Risk Oversight

The board is actively involved in oversight of risks that could affect the Company. Management is responsible for the day-to-day management of risks we face, while the board, as a whole and through its Audit Committee has responsibility for the oversight of risk management. The Audit Committee of our board of directors is charged by its charter with the responsibility to and does review and discuss the Company's policies and practices with respect to risk assessment and risk management at each of its regularly scheduled meetings, and to report to the board of directors various areas of risk, including credit, technology, regulatory, liquidity and operational, that should receive further attention and discussions among the board of directors and Company management. Our management does present specifically to the Audit Committee, and the board of directors if requested by the Audit Committee, various areas of risk concerns and management practices relative thereto as required by the Audit Committee, and when requested by the board, including enterprise risk management which is the subject of oversight by the Audit Committee through presentations and discussions with the Company's management at each Audit Committee meeting. Additionally, at various regularly scheduled Audit Committee meetings, our management presents a particular area of risk, either independently as a result of its assessment of materiality or at the request of the Audit Committee in addition to the discussions of enterprise risk management. The Audit Committee works with management in assessing and addressing the Company's policies' strengths and weaknesses in each area presented or separately assessed. The full board of directors receives at each regularly scheduled meeting, and more often as necessary, a presentation from management of our operations, including presentations of liquidity and credit reports and risks. Upon request by the board of directors, representatives of management for the separate areas commit to and do subsequently or simultaneously provide additional information, revisions and explanations pertaining to their respective areas of management.

AUDIT COMMITTEE REPORT

The Committee

Our board of directors established the Audit Committee to be responsible for the appointment, compensation, retention and oversight of the work of our independent auditors and to oversee our (i) financial reporting process; (ii) internal audits, internal control policies and procedures implementation and compliance with Sarbanes-Oxley Section 404 requirements and authorities; and (iii) financial, tax, and risk management policies. The Audit Committee is composed of three members and operates under a written charter, a copy of which is published on our website at www.conns.com under “Investor Relations – Corporate Governance.” The Audit Committee has prepared the following report on its activities with respect to our financial statements for the fiscal year ended January 31, 2014.

Review and Discussion

Management is responsible for our financial reporting process including its system of internal controls, and for the preparation of Conn’s consolidated financial statements in accordance with generally accepted accounting principles. Ernst & Young LLP, our independent registered public accounting firm, is responsible for auditing those financial statements and for attesting to the effectiveness of our internal control over financial reporting. It is the Audit Committee’s responsibility to monitor and review these processes. The members of the Audit Committee are not employees of the Company and do not represent themselves to be or to serve as, accountants or auditors by profession or experts in the field of accounting or auditing.

In connection with the preparation of our audited financial statements for the fiscal year ended January 31, 2014, the Audit Committee:

- reviewed and discussed our Annual Report on Form 10-K, including our audited consolidated financial statements and Management’s Report on Internal Control over Financial Reporting for the year ended January 31, 2014, with management;
- discussed with Ernst & Young LLP the matters required to be discussed by auditing standards, including Auditing Standard No. 16 (*Communications with Audit Committees*) issued by the Public Company Accounting Oversight Board; and
- received the written disclosures and the letter from Ernst & Young LLP required by PCAOB Rule 3526 (*Communication with Audit Committees Concerning Independence*), and discussed with Ernst & Young LLP its independence from the Company, including whether Ernst & Young LLP’s provision of non-audit services to the Company is compatible with the auditors’ independence.

The Audit Committee meets separately with our independent auditors to discuss the results of their examinations, their evaluations of our internal controls and the overall quality of our financial reporting. The Audit Committee held four regularly scheduled meetings and acted once by unanimous written consent in lieu of meeting during the fiscal year ended January 31, 2014.

Recommendation

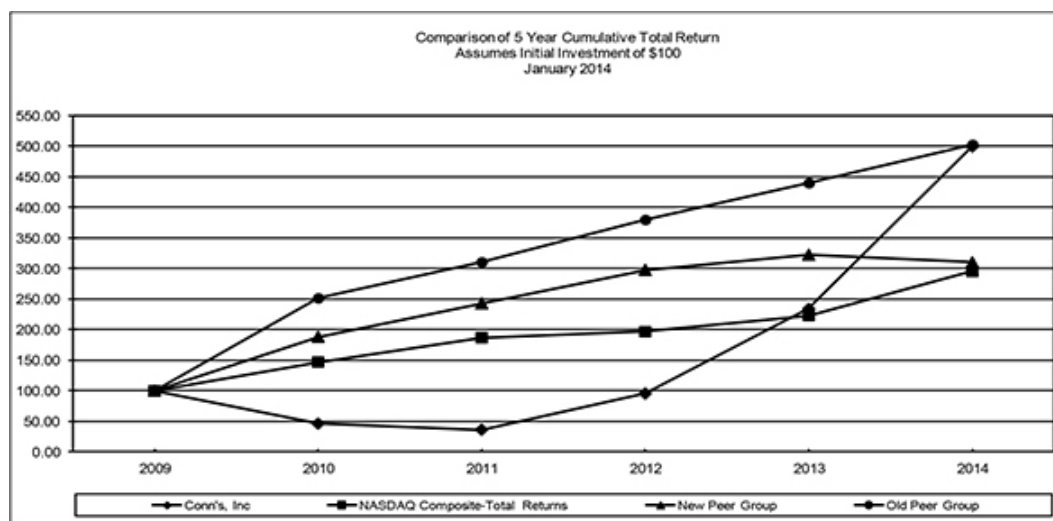

Based on the review and discussion referred to above, the Audit Committee recommended to the board of directors that the audited financial statements be included in our Annual Report on Form 10-K for the fiscal year ended January 31, 2014, for filing with the Securities and Exchange Commission.

AUDIT COMMITTEE:

We also have the 2003 Non-Employee Director Stock Option Plan, which we adopted in February 2003. The maximum number of shares of our Common Stock that may be issued under this plan is 600,000 shares, subject to adjustment. All options issued to a director when he or she becomes a director currently vest equally over a three-year term, while those issued to a director on his fourth anniversary date and those issued immediately following each annual stockholders' meeting upon the director's election by the stockholders as a director, vest on the first anniversary date of the grant. As a result of the approval by the stockholders of the 2011 Non-Employee Director Restricted Stock Plan, discussed below, the Compensation Committee has determined at this time to issue no further options under this 2003 Non-Employee Director Stock Option Plan. At January 31, 2014, there were options to purchase 170,000 shares of our Common Stock issued and outstanding under this plan and 50,000 shares remaining for future issuance under the plan.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Review and Approval of Related Party Transactions

The board has adopted a statement of policy with respect to all relationships and transactions in which our Company and our directors and executive officers or their immediate family members are participants. Under this policy, the board of directors reviews all related party relationships and transactions to determine whether such persons have a direct or indirect material interest, and if so, if the transactions are at arm's length and are acceptable to the board of directors. Each related party transaction must be entered into on terms that are comparable to those that could be obtained as a result of arm's length dealings with an unrelated third party to be approved and accepted by the board of directors. As required under SEC rules, transactions that are determined to be directly or indirectly material to the Company or a related person are disclosed in our proxy statement. In addition, the Audit Committee reviews any related person transaction that is required to be disclosed. In the course of its review of these relationships, the Audit Committee observes how each relates to a potential conflict of interest with the Company:

- the nature of the related person's interest in the transaction;
- the material terms of the transaction, including, without limitation, the amount and type of transaction, and the timing of the entering of such transaction;
- the importance of the transaction to the related person;
- the importance of the transaction to the Company;
- whether the transaction would impair the judgment of a director or executive officer to act in our best interest; and
- any other matters the committee deems appropriate.

Related Party Transactions

From time to time we have engaged Stephens Inc. to act as our financial advisor. For example, in fiscal 2011 we engaged Stephens Inc. to be our financial advisor to advise us in connection with our rights offer. During our fiscal 2012, we engaged Stephens to advise us on certain transactions that we considered during fiscal 2012, none of which were consummated. Stephens Inc. did not receive any fees from us for these transactions during 2012 as they were to receive success fees in the event of the consummation of any such opportunity, together with additional fees for any opinion our board asked Stephens Inc. to render in connection with any such opportunity. During our fiscal 2013, we retained Stephens Inc. among other investment banking groups to assist us in a primary and secondary offering of our stock and the stock owned by Stephens Inc. and its affiliates, including Douglas H. Martin, one of our directors and the Senior Managing Director of Stephens Inc. The disinterested members of our board of directors determined that it was in the Company's best interest to engage Stephens Inc. in such capacity to assist us in analyzing and advising us with respect to these opportunities. The engagement of Stephens Inc. was approved by the independent members of our board of directors after full disclosure of the conflicts of interests of the related parties in the transaction. Mr. Douglas H. Martin did not participate in the approval process. No fees were paid to Stephens Inc. for financial advisory services in fiscal 2014.

David W. Trahan's son, Aaron Trahan, is employed by the Company, for which he is currently paid a salary of \$175,000 and received 1,200 shares of restricted stock units in fiscal 2014. He also participates in the Company's annual cash incentive program. His target annual cash bonus was 40% of his beginning of year annual base salary in fiscal 2014.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires that our directors, executive officers as well as other persons who own more than 10% of our outstanding Common Stock file initial reports of ownership and reports of changes in ownership of our Common Stock with the SEC. Officers, directors and other stockholders who own more than 10% of our outstanding Common Stock are required by the SEC to furnish us with copies of all Section 16(a) reports they file.

To our knowledge, based on a review of reports and information furnished to us by those persons who were directors, executive officers and/or the beneficial holders of 10% or more of our Common Stock at any time during the fiscal year ended January 31, 2014 and upon representations from such persons, we believe that all stock ownership reports required to be filed under Section 16(a) by such reporting persons during the fiscal year ended January 31, 2014 were timely made.

It was determined that no services rendered by our outside auditors in fiscal 2014 were prohibited under the Sarbanes-Oxley Act of 2002. In addition, the Audit Committee has considered whether Ernst & Young LLP's provision of services, other than services rendered in connection with the audit of our annual financial statements and reviews of our financial statements included in our Forms 10-Q for the most recent fiscal year, is compatible with maintaining Ernst & Young LLP's independence and has determined that such services rendered met the requirements of independence.

STOCKHOLDERS SHARING THE SAME LAST NAME AND ADDRESS

To reduce the expense of delivering duplicate proxy materials to stockholders who may have more than one account holding Conn's stock but who share the same address, we have adopted a procedure approved by the SEC called "householding." Under this procedure, certain stockholders of record who have the same address and last name, and who do not participate in electronic delivery of proxy materials, will receive only one copy of our **Notice of Internet Availability of Proxy Materials** and, as applicable, any additional proxy materials that are delivered until such time as one or more of these stockholders notifies us that they want to receive separate copies. This procedure reduces duplicate mailings and saves printing costs and postage fees, as well as natural resources. Stockholders who participate in householding will continue to have access to and utilize separate proxy voting instructions.

If you receive a single set of proxy materials as a result of householding, and you would like to have separate copies of our **Notice of Internet Availability of Proxy Materials**, annual report, or proxy statement mailed to you, please submit a request to our Corporate Secretary at 4055 Technology Forest Blvd., Suite 210, The Woodlands, Texas 77381 or call our Investor Relations department at (936) 206-3156, and we will promptly send you what you have requested. However, please note that if you want to receive a paper proxy or voting instruction form or other proxy materials for purposes of this year's annual meeting, follow the instructions included in the **Notice of Internet Availability of Proxy Materials** that was sent to you. You can also contact our Investor Relations department at the phone number above if you received multiple copies of the annual meeting materials and would prefer to receive a single copy in the future, or if you would like to opt out of householding for future mailings.
